INDEPENDENT AUDITORS' REPORT

To the Honorable Mayor and Members
of the City Council
City of Wildomar, California

Report on Financial Statements

We have audited the accompanying financial statements of the Measure Z Park Fund, a special revenue fund of the City of Wildomar, California, as of and for the year ended June 30, 2018, and the related notes to the financial statements, which collectively comprise the Measure Z Park Fund's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to an express opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the City's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the City's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the Measure Z Park Fund, as of June 30, 2018, and the respective changes in financial position for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Emphasis of Matter

As discussed in Note 1 to the financial statements, the financial statements present only the Measure Z Park Special Revenue Fund, and are not intended to present the financial position and results of operations of the City of Wildomar, California in conformity with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the Budgetary Comparison Schedule on page 11 be presented to supplement the financial statements. Such information, although not a part of the financial statements, is required by the Governmental Accounting Standards Board who consider it to be an essential part of the financial reporting for placing the financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the financial statements, and other knowledge we obtained during our audit of the financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Management has omitted the management's discussion and analysis that accounting principles generally accepted in the United States of America require to be presented to supplement the basic financial statements. Such missing information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. Our opinion on the basic financial statements is not affected by this missing information.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated December 19, 2018, on our consideration of the City's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the City's internal control over financial reporting and compliance.

Wildomar Measure Z Park Fund
Notes to Financial Statements
June 30, 2018

1) SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

a. Description of the Reporting Entity

The Wildomar Measure Z Park Fund was established on November 6, 2012, pursuant to voter-approved annual parcel assessment to assist in the funding of park operations and related activities. On February 13, 2013, the City Council approved Resolution 2013-5 establishing the Measure Z Oversight and Advisory Committee and appointing 5 residents as committee members.

The Measure Z Park Fund is included as a special revenue fund of the City of Wildomar (the City) and, accordingly, the accompanying fund financial statements are included as a special revenue fund of the basic financial statements prepared by the City. The accompanying financial statements are intended to reflect the financial position of operations for the Measure Z Park Fund only and do not purport to, and do not, present the financial position of the City of Wildomar, California. Separate financial statements are prepared for the City of Wildomar, and may be obtained from the City.

b. Measurement Focus, Basis of Accounting, and Financial Statement Presentation

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the government considers revenues to be available if they are collected within 60 days of the end of the current fiscal year. Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures, as well as expenditures related to compensated absences and claims and judgments, are recorded only when payment is due.

When both restricted and unrestricted resources are available for use, it is the Fund's policy to use restricted resources first, and then unrestricted resources as they are needed.

c. Assets, Deferred Outflows/Inflows of Resources, Liabilities, and Net Position or Equity

Cash and Investments

The City's cash and cash equivalents are considered to be cash on hand, demand deposits, and short-term investments with original maturities of three months or less from the date of acquisition. For financial statement presentation purposes, cash and investments are shown as both restricted and unrestricted cash and investments in the governmental funds.

Investments are reported at fair value. The City's policy is to hold investments until maturity or until market values equal or exceed cost. The State Treasurer's Investment Pool operates in accordance with appropriate state laws and regulations. The reported value of the pool is the same as the fair value of the pool shares.

1) SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - Continued

c. Assets, Deferred Outflows/Inflows of Resources, Liabilities, and Net Position or Equity - Continued

Deferred Outflows/Inflows of Resources

In addition to assets, the balance sheet will sometimes report a separate section for deferred outflows of resources. This separate financial statement element, *deferred outflows of resources*, represents a consumption of fund balance that applies to a future period(s) and so will *not* be recognized as an outflow of resources (expense/expenditure) until then. Currently, the Fund does not report any deferred outflows.

In addition to liabilities, the balance sheet will sometimes report a separate section for deferred inflows of resources. This separate financial statement element, *deferred inflows of resources*, represents an acquisition of fund balance that applies to a future period(s) and so will *not* be recognized as an inflow of resources (revenue) until that time. Currently, the Fund does not report any deferred inflows.

Compensated Absences

Vacation pay is payable to employees at the time a vacation is taken or upon termination of employment. The maximum number of vacation days an employee can accrue is 40 days. A maximum of five vacation days per year may be converted to compensation.

Sick leave is payable when an employee is unable to work because of illness. Sick leave is convertible to vacation at the rate of ten (10) days of sick leave to one (1) day of vacation.

The liability for compensated absences will be paid in future years from the City's General Fund.

Fund Equity

In the fund financial statements, government funds report the following fund balance classification:

Nonspendable include amounts that cannot be spent because they are either (a) not in spendable form or (b) legally or contractually required to be maintained intact.

Restricted include amounts that are constrained on the use of resources by either, (a) external creditors, grantors, contributions, or laws of regulations of other governments or (b) by law through constitutional provisions or enabling legislation.

Committed include amounts that can only be used for specific purposes pursuant to constraints imposed by formal action of the government's highest authority, the City Council. The formal action that is required to be taken to establish, modify, or rescind a fund balance commitment is a resolution.

Wildomar Measure Z Park Fund
Notes to Financial Statements
June 30, 2018

1) SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - Continued

c. Assets, Deferred Outflows/Inflows of Resources, Liabilities, and Net Position or Equity - Continued

Fund Equity - Continued

Assigned include amounts that are constrained by the government's intent to be used for specific purposes, but are neither restricted nor committed. The City Manager is authorized to assign amounts to a specific purpose, which was established by the governing body in Resolution No. 2011-32 approved on June 21, 2011.

Unassigned include the residual amounts that have not been restricted, committed, or assigned to specific purposes.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and deferred outflows/inflows of resources, and disclosure of contingent assets

and liabilities at the date of the financial statements and the reported amounts of revenues and expenditures/expenses during the reported period. Actual results could differ from those estimates.

Functional Classifications

Expenditures of the governmental funds are classified by function. Functional classifications are defined as General Government which includes legislative activities, City Clerk, City Attorney, City Manager as well as management, community development or supportive services across more than one functional area.

Encumbrances

Encumbrances are estimations of costs related to unperformed contracts for goods and services. These commitments are recorded for budgetary control purposes in the fund. Encumbrances represent the estimated amount of the expenditure ultimately to result if unperformed contracts in process at year-end are completed. They do not constitute expenditures or estimated liabilities.

Budget Basis of Accounting

Budgets for governmental funds are adopted on a basis consistent with generally accepted accounting principles (GAAP).

Wildomar Measure Z Park Fund
Notes to Financial Statements
June 30, 2018

2) CASH AND INVESTMENTS

As of June 30, 2018, cash and investments were reported in the accompanying financial statements as follows:

Governmental Fund	<u>\$ 211,976</u>
-------------------	-------------------

The Measure Z Park Fund is pooled with the City of Wildomar's cash and investments in order to generate optimum interest earnings. The information required by GASB Statement No. 40 related to authorized investments, credit risk, etc. is available in the comprehensive annual financial report of the City.

3) FAIR VALUE MEASUREMENTS

Governmental Accounting Standards Board (GASB) Statement No. 72, Fair Value Measurements and Application, provides the framework for measuring fair value. The framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value with Level 1 given the highest priority and Level 3 the lowest priority. The three levels of the fair value hierarchy are as follows:

Level 1 inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities that the organization has the ability to access at the measurement date.

Level 2 inputs are inputs other than quoted prices included within *Level 1* that are observable for the asset or liability, either directly or indirectly. *Level 2* inputs include the following:

- a. Quoted prices for similar assets or liabilities in active markets.
- b. Quoted prices for identical or similar assets or liabilities in markets that are not active.
- a. Inputs other than quoted prices that are observable for the asset or liability (for example, interest rates and yield curves observable at commonly quoted intervals, volatilities, prepayment speeds, loss severities, credit risks, and default rates).
- b. Inputs that are derived principally from or corroborated by observable market data by correlation or other means (market-corroborated inputs).

Level 3 inputs are unobservable inputs for the asset or liability.

As explained in Note 2, the Measure Z Park Fund has its investments pooled with the City. The cash and investments reflected is a portion of the City's overall cash and investments. Refer to the City's financial statements for additional information relating to categorization of investment types.

REQUIRED SUPPLEMENTARY INFORMATION

Wildomar Measure Z Park Fund
Notes to Required Supplementary Information
June 30, 2018

Budgetary Comparison Information

General Budget Policies

The City Council approves each year's budget prior to the beginning of the new fiscal year. Public hearings are conducted prior to its adoption by the Council. Supplemental appropriations, where required during the period, are also approved by the Council. In most cases, expenditures may not exceed appropriations at the function level. At fiscal year-end, all operating budget appropriations lapse.

Encumbrances

Encumbrances are estimations of costs related to unperformed contracts for goods and services. These commitments are recorded for budgetary control purposes in the fund. Encumbrances represent the estimated amount of the expenditure ultimately to result if unperformed contracts in process at year-end are completed. They do not constitute expenditures or estimated liabilities.

Budget Basis of Accounting

Budgets for governmental funds are adopted on a basis consistent with generally accepted accounting principles (GAAP).
