## **Letter of Transmittal Fiscal Year 2014-15 Comprehensive Annual Financial Report (CAFR)**

Dear Honorable Mayor, Council Members and Wildomar Citizens,

I am pleased to present the Fiscal Year 2014-15, Comprehensive Annual Financial Report for the City of Wildomar, California for the fiscal year ended June 30, 2015.

This report consists of management representations concerning the finances of the City of Wildomar in its seventh year of incorporation. Consequently, management assumes full responsibility for the completeness and reliability of all of the information presented in this report. To provide a reasonable basis for making these representations, management of the City of Wildomar continues to establish a comprehensive internal control framework that is designed both to protect the government's assets from loss, theft, or misuse and to compile sufficient reliable information for the preparation of the City of Wildomar's financial statements in conformity with generally accepted accounting principles (GAAP). Because the cost of internal controls should not outweigh their benefits, the City of Wildomar's comprehensive framework of internal controls is designed to provide reasonable rather than absolute assurance that the financial statements will be free from material misstatement. As management, we assert that, to the best of our knowledge and belief, this financial report is complete and reliable in all material respects.

State Law and the City's Municipal Code require that an annual financial report is prepared. This report fulfills that obligation. It has been prepared in conformity with generally accepted accounting principles (GAAP) and with the financial reporting requirements prescribed by the Governmental Accounting Standards Board (GASB).

The City of Wildomar's financial statements have been audited by Lance, Soll and Lunghard, LLP, a firm of certified public accountants and consultants. The goal of the independent audit was to provide reasonable assurance that the financial statements of the City of Wildomar for the fiscal year ended June 30, 2015, are free of material misstatement. The independent audit involved examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements; assessing the accounting principles used and significant estimates made by management; and evaluating the overall financial statement presentation. The independent auditor's report is presented as the first component of the financial section of this report. GAAP requires that management provide a narrative of introductions, overview, and analysis to accompany the basic financial statements in the form of Management's Discussion and Analysis (MD&A).

This letter of transmittal is designed to complement MD&A and should be read in conjunction with it. The City of Wildomar's MD&A can be found immediately following the report of the independent auditors in the financial section of this report.

## **Profile of the Government**

The area of Wildomar located in southwest Riverside County, incorporated as a City, July 1, 2008. This newly incorporated city is approximately 70 miles north of San Diego and 60 miles southeast of Los Angeles. The City boundaries encompass 24 square miles providing a "Community Ranch" lifestyle for its 34,148 residents.

The City Council consists of 5 Council Members, elected at large on a no-partisan basis and annually select amongst them, a Mayor and Mayor Pro Temp. Bi-annual elections are held in November. The terms of office are 4 years but are overlapping so that the City is provided with a continuity of knowledge in the City business and legislative matters.

This report includes all funds of the City. It includes all governmental organizations and activities for which the City of Wildomar's City Council is financially accountable. The City provides the full range of municipal services normally associated with a municipality including general administration, police and fire protection, the construction and maintenance of streets, and related infrastructure, recreational activities, economic development and the operations and maintenance of the cemetery.

The Council is responsible for enacting ordinances, resolutions, and regulations governing the City as well as the appointment of members of various statutory and advisory boards and the City Manager and City Attorney. As Chief Administrative Officer, the City Manager has the responsibility of administering programs in accordance with policies established by the City Council and within the guidelines of the annual budget adopted by the Council.

## **The Budget Process**

The annual budget serves as the foundation for the City of Wildomar's financial planning and control. The development of the budget is completed as two separate projects: the development of the governmental activities program budget, and the development of the capital improvement program focusing on longer term capital projects.

All departments of the City of Wildomar are required to submit requests for appropriation for all governmental activities to the City Manager by the end of March. The City Manager and the finance department use these requests as the starting point for developing a proposed budget for the governmental activities.

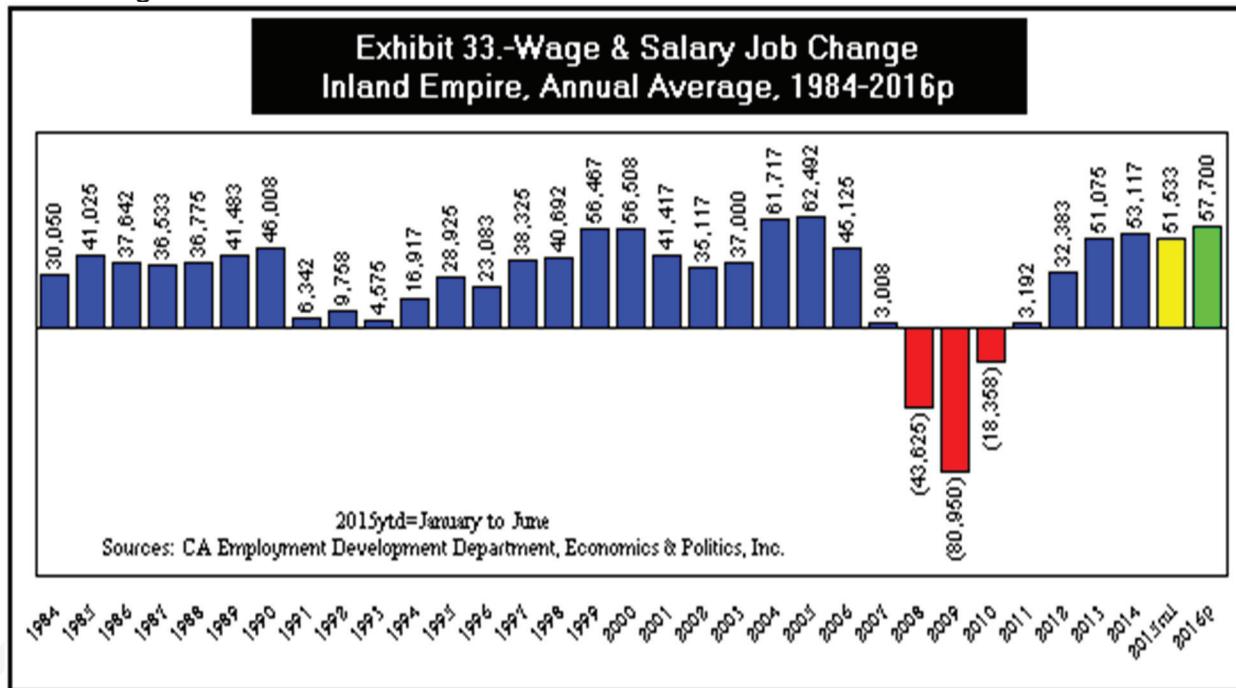

The Ad-Hoc Finance Committee meets with the City Manager at a workshop in mid-April. The City Manager presents the proposed budget for all governmental activities to the City Council at the first Council meeting in June for review. The City Council is required to hold a public hearing on the proposed budget which is generally held at the June meeting. The governmental activities budget is generally adopted at the Council meeting in June.

## **Factors Affecting Financial Condition**

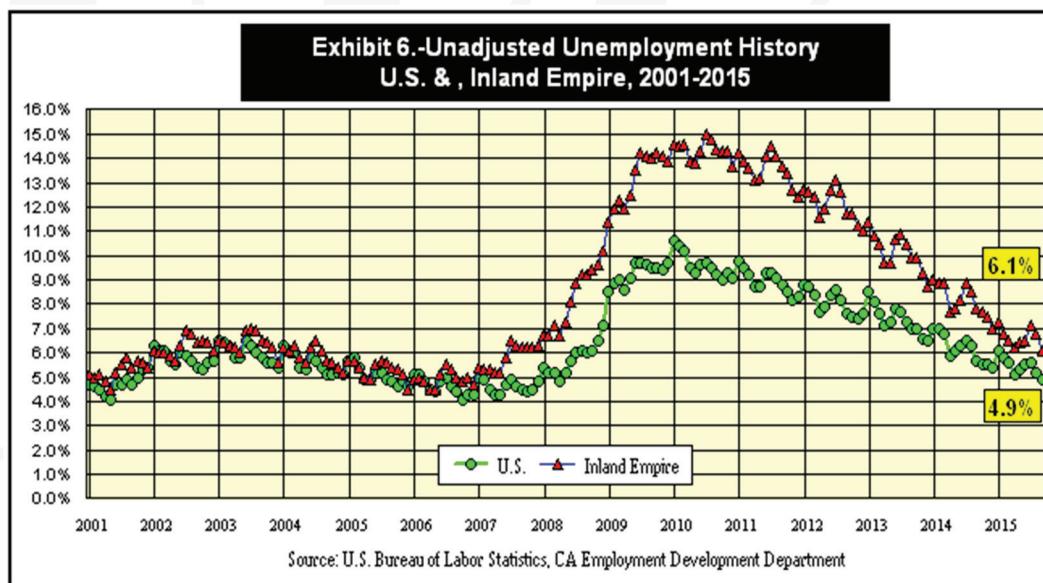

The information presented in the financial statements is perhaps best understood when it is considered from the broader perspective of the specific environment within which the City of Wildomar operates.

## Local Economy

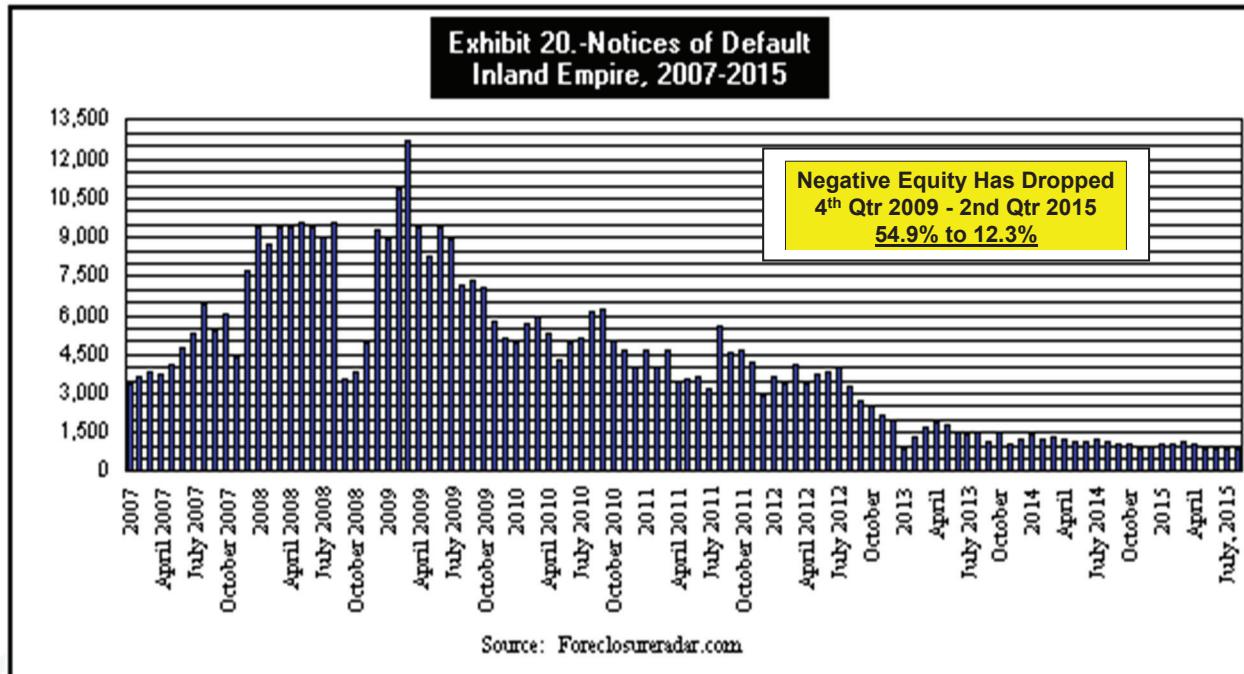

The City of Wildomar, in its seventh year of incorporation, is experiencing modest growth. Property valuations are increasing and the City has several new development projects. Job growth has been increasing at a good pace and this is good news for the City. Between 2011–2016, the Inland Empire has gained back 250,502 jobs vs. 142,933 lost during the Great Recession.

Also, the unemployment rate in the Inland Empire is closing in on the national level.

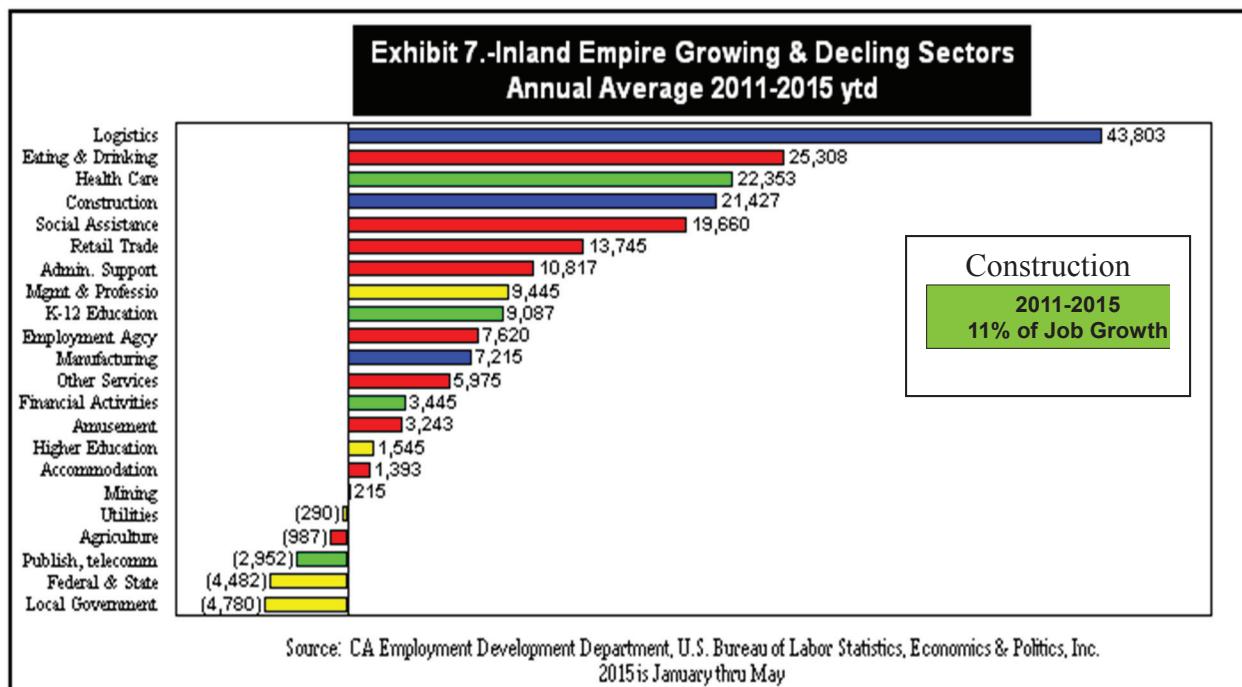

Another indicator of growth in the region is the return of construction. Notices of default have dropped significantly over the last several years and new construction is happening in the region.

Home prices are continuing to increase, although they have not returned to pre-recession numbers.

This increase in new construction has brought back construction jobs to the region.

These positive changes in the region have had a good effect on the City of Wildomar. Some examples are as follows: Building permits for fiscal year 14/15 compared to fiscal year 13/14 have increased 20%, 902 permits vs. 753 permits. Assessed valuations of property also increased from \$2.3 billion in fiscal year 13/14 to \$2.6 billion in fiscal year 14/15, an increase of approximately 13%.

## **State of California.....Fiscal Impacts Continue**

It has been four years since June 8, 2011, when the City Council adopted the fiscal year 2011-12, Operating Budgets for the City of Wildomar. It was a modest, conservative and balanced budget totaling \$8.2 million. Shortly before its scheduled July 1, 2011, implementation, Governor Brown, on the eve of June 30, 2011, approved Senate Bill (SB) 89.

SB 89, was a last-minute budget trailer bill that among other impacts, eliminated \$130 million in California cities Motor Vehicle License Fee (MVLF) general fund revenues. Specifically, the approval of SB89 by Governor Brown, directed the taking of \$1,782,000 (22%) of budgeted revenues away from the City of Wildomar's \$8,246,100 general fund revenue budget. Furthermore, as in prior years, the City expected to receive the majority of these MVLF revenues during the month of August which greatly assisted with the City's operating cash flow.

Resulting from the actions taken by the Governor, the City Council, at a Special Council Meeting on July 7, 2011 directed staff to make the following General Fund reductions:

- Police Services Reduced from 72 hours per day to 40 hours
- 20% Reduction in City Hall Service Hours
- Salary and Benefit Costs reduced
- 50% Reduction in Public Meetings with City Council and Planning Commission

These reductions have remained in place as Governor Brown has consistently vetoed legislation that would correct this fiscal injustice. Despite the Governor's resistance to the City's incorporation, the City of Wildomar will add \$2,374 to the General Fund balance for fiscal year 2014/15.

This year's budget for FY 2014-15 is year two of the City's first two year budget program. By year end, the adopted expenditure budget was amended several times throughout the year to reflect the changes of the organization and increasing levels of proposed development within the City. At year end the actual expenditures were \$1.8 million higher than the original budget primarily due to the development activity, which was partially offset by like revenue increases. The General Fund revenues were \$1.8 million more than the original budgeted revenues. The City tax revenue increased by \$434,127 (7.5%) as compared to the prior fiscal year FY 2013-14. At fiscal year end the General Fund revenues and transfers of \$9,388,703 exceeded expenditures of \$9,386,329 by \$2,374, resulting in a year end fund balance of \$773,060. The City will continue to work closely with the ad-hoc finance subcommittee to recognize fiscal changes and recommend actions at the quarterly budget reviews and public hearing meetings.

## **Current Year Initiatives**

In spite of these fiscal issues outside of the City's direct control, management continued to move the city forward with City and organizational-wide initiatives such as:

- Continue to work with other newly incorporated cities to seek fiscal relief from the State of California's taking of the Motor Vehicle License Fee revenues.
- Continue seeking opportunities to enhance street sweeping programs, mass transit facilities, traffic control, dirt road improvements, dust control trails improvement and drainage enhancements.
- Continued transition of County of Riverside Transportation Uniform Mitigation Fee (TUMF) capital projects to the City including Bundy Canyon Road, Grand Avenue, and Clinton Keith Widening Project.

## **Long-term financial planning and initiatives**

The City will continue to focus its emphasis on controlled and fiscally balanced growth. The City believes that with the appropriate policies in place, as approved and revisited each quarter as part of the budget program, the City's long term financial goals will be met. The City has taken many steps to control expenditure growth and these steps will continue to be reviewed.

## **Relevant financial policies**

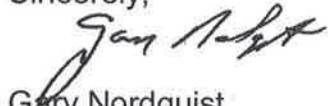

The City has a set of financial policies that it abides by and is continually enhancing and adding relevant policies as it develops its formal financial systems. Initially following incorporation, the City adopted all of the County's policies/codes. As the City develops its own unique needs, it will continue to create and tailor these former County policies to directly address the City's goals.

## **Concluding remarks**

The City, in its seventh year of operation, has achieved a great deal in transitioning from the County support services and establishing its own culture and approach to local governance.

In closing, I'd like to state that the preparation of this report would not have been possible without the efficient and dedicated service of the entire staff of the finance, public works, planning and administration departments. I would like to express our appreciation to all members of the departments who assisted and contributed to the preparation of this report. Recognition is also extended to Lance, Soll and Lunghard LLP, audit management team, for their dedication and expertise, which contributed significantly to the report quality and adherence to professional accounting standards. Credit also must be given to the Mayor and City Council for their support for striving to have the highest standards of professionalism in the management of the City of Wildomar's finances.

Sincerely,

Gary Nordquist  
City Manager

## INDEPENDENT AUDITORS' REPORT

To the Honorable Mayor and Members of the City Council  
City of Wildomar, California

### **Report on the Financial Statements**

We have audited the accompanying financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of City of Wildomar, California, (the City) as of and for the year ended June 30, 2015, and the related notes to the financial statements, which collectively comprise the City's basic financial statements as listed in the table of contents.

### ***Management's Responsibility for the Financial Statements***

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

### ***Auditor's Responsibility***

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

To the Honorable Mayor and Members of the City Council  
City of Wildomar, California

### ***Opinions***

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, each major fund, and the aggregate remaining fund information of the City of Wildomar, California, as of June 30, 2015, and the respective changes in financial position for the year then ended in accordance with accounting principles generally accepted in the United States of America.

### ***Change in Accounting Principle***

As discussed in Note 1 to the financial statements, in 2015 the City adopted new accounting guidance, GASB Statement No. 68, *Accounting and Financial Reporting for Pensions – An Amendment of GASB Statement No. 27* as amended by GASB Statement No. 71, *Pension Transition for Contributions Made Subsequent to the Measurement Date*.

### ***Other Matters***

#### ***Required Supplementary Information***

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis; the budgetary comparison schedules for the general fund, the development impact fees fund, the grants fund, and the Wildomar Cemetery District; the schedule of proportionate share of the net pension liability; and the schedule of plan contributions be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

#### ***Other Information***

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the City's basic financial statements. The introductory section, combining and individual nonmajor fund financial statements and schedules, and statistical section are presented for purposes of additional analysis and are not a required part of the basic financial statements.

The combining and individual nonmajor fund financial statements and schedules are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the combining and individual nonmajor fund financial statements and the schedules are fairly stated in all material respects in relation to the basic financial statements as a whole.

To the Honorable Mayor and Members of the City Council  
City of Wildomar, California

The introductory and statistical sections have not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we do not express an opinion or provide any assurance on them.

**Other Reporting Required by *Government Auditing Standards***

In accordance with *Government Auditing Standards*, we have also issued our report dated January 26, 2016 on our consideration of the City's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the City's internal control over financial reporting and compliance.

A handwritten signature in black ink that reads 'Lance, Soll & Lungard, LLP'.

**THIS PAGE INTENTIONALLY LEFT BLANK**

## **MANAGEMENT'S DISCUSSION AND ANALYSIS**

For the Year Ended June 30, 2015

As management of the City of Wildomar, we offer readers of the City of Wildomar's financial statements this narrative overview and analysis of the financial activities of the City of Wildomar for its seventh fiscal year of operation which ended June 30, 2015. This the seventh year of incorporation for the City and thus comparative data is limited to those years. We encourage the reader to consider the information presented here in conjunction with additional information that we have furnished in our letter of transmittal, which can be found on pages i through ix of this report, and with the City's financial statements which follow this discussion.

### **THE FINANCIAL HIGHLIGHTS**

When revenues exceed expenses, the result is an increase in net position. When expenses exceed revenues, the result is a decrease in net position. You can think of this relationship between revenues and expenses as the City's operating results. You can think of the City's net position, as measured in the Statement of Net Position, as one way to measure the City's financial health, or financial position. Over time, increases or decreases in the City's net position, as measured in the Statement of Activities, are one indicator of whether its financial health is improving or deteriorating. However, the City's goal is to provide services that improve the quality of life for our residents, not to generate profits as companies do.

For this reason, you will need to consider many other non-financial factors, such as the condition of our roads, in assessing the overall health of our City.

- The assets and deferred outflows of resources of the City of Wildomar exceeded its liabilities and deferred inflows or resources as of June 30, 2015, by \$27.3 million (net position).
- The City of Wildomar's total net position decreased by \$1.9 million. The primary decrease was the result of total revenues of governmental activities of \$13.2 million offset by \$15.1 million in total costs of governmental activities.
- As of June 30, 2015, the City of Wildomar's governmental funds reported combined ending fund balances of \$4.4 million, a decrease of \$947,721, in comparison to the prior year.
- As of June 30, 2015, fund balance of \$2.6 million was restricted for Community development projects.

## OVERVIEW OF THE FINANCIAL STATEMENTS

This discussion and analysis is intended to serve as an introduction to the City of Wildomar's basic financial statements. These basic financial statements are comprised of three components:

- 1) Government-wide financial statements,
- 2) Fund financial statements, and
- 3) Notes to the financial statements.

This report also contains other supplementary information in addition to the basic financial statements themselves.

### Government-wide financial statements

As previously discussed, government-wide financial statements detail all capital assets, including infrastructure, depreciation, and long-term debt. Specifically, these statements are designed to provide an expansive overview of the City's finances. Given its scope and in an effort to adequately present this data in a comprehensible format, the government-wide financial statements are divided into two subcategories, the Statement of Net Position and the Statement of Activities. These statements reasonably chart long and short-term information regarding the City's financial condition.

The City's statements provide a manageable yet comprehensive view of the City's economic position, appropriately accounting for all revenue and expenses during the specified fiscal year. To accomplish this, government-wide financial statements are reported utilizing the flow of economic resources (cost of services) measurement focus and the accrual method of accounting. Using the flow of economic resources measurement focus allows the City to provide financial transparency insofar as all assets and liabilities are listed on the Statement of Net Position. The added use of the accrual basis of accounting allows the City a 'real-time' advantage as revenues are recognized when earned and expenses are recognized when incurred.

*The Statement of Net Position* outlines the City's assets, deferred outflows of resources, liabilities, and deferred inflows of resources with the difference reported as net position. While fluctuations are expected, over time increases or decreases in the City's net position could be used to gauge the City's financial standing in order to ascertain whether it is improving or deteriorating.

*The Statement of Activities* demonstrates how the City's net position evolves during the current fiscal year. Specifically, this statement provides comparative analysis between direct expenses and program revenues for each functional activity of the City. In this forum, net position changes are recorded in real time when triggered by

underlying events without respect to the timing of the related cash flows. Because of this it is expected that revenue and expenses for some items (such as uncollected taxes and earned but unused vacation leave) will result in recorded cash flows in future fiscal periods.

Combined, the *Statements* reveal functions of the City that can be divided into two categories:

- 1) Governmental activities, and
- 2) Business-type activities.

Governmental activities are chiefly supported by:

- a) Taxes elicited from such sources as utility user's tax, transient occupancy tax, sales tax, property tax, and franchise tax, and:
- b) Intergovernmental revenues such as motor vehicle in-lieu fees.

Governmental activities of the City are inclusive of general government, public safety, public works, community development, and parks and recreation. As mentioned earlier, tax revenue principally funds these activities. Consequently, a good portion of the City's basic services is reported in this category.

The Government-wide Financial Statements can be found in the Table of Contents under Basic Financial Statements.

## Fund Financial Statements

A *fund* is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The City of Wildomar, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. Specifically, these Fund Financial Statements cover segregated groupings of related accounts whose funds have been designated for specific activities or purpose. They provide a detailed accounting of revenue and expenditures, assets and liabilities, and remaining fund balances for each fund. This helps to ensure and demonstrate finance related legal compliance.

Fund financial statements differ from activity reports due to the way capital outlay, depreciation, long-term debt, compensated absences, deferred revenues, and intergovernmental receivables are reported. The impact of these differences is laid out in the notes accompanying the financial statements.

Funds required by State law (i.e., Highway Users Tax) are part of the fund financial statements. Likewise, other funds (i.e., Developer Impact Fees, and Grants) established to provide the City with tighter fiscal controls and accountability are itemized on these statements.

### ***Governmental funds***

*Governmental funds* are reported in essentially the same fashion as governmental activities in the government-wide financial statements with an exception---governmental fund financial statements focus on near-term inflows and outflows of spendable resources and balances of spendable resources. This means governmental fund financial statements identify current sources and uses of money within the immediate fiscal year. Benefits derived include a detailed *short-term* view of the City's general government operations and the basic services it provides, which assist in determining whether there are sufficient financial resources available to meet the City's current needs.

Since the scope of the governmental funds is different than that of the government-wide financial statements, it is beneficial to comparatively examine information presented for the governmental funds with information presented for governmental activities in the government-wide financial statements.

The reader gains a clearer picture of the long-term impacts current financial decisions might yield. When examined together, the governmental funds Balance Sheet and Statement of Revenues, Expenditures, and Changes in Fund Balances provide the reader with a different snapshot that identifies variances between the two different methodologies of accounting for governmental activities and governmental funds.

The City of Wildomar maintains 27 individual governmental funds. Information is summarized in the governmental fund balance sheet and in the governmental fund statement of revenues, expenditures, and changes in fund balances for the General Fund, Special Revenue Funds and Other Governmental Funds (Community Service Areas and Landscape Maintenance District). Data from the 27 governmental funds are combined into a single, aggregated presentation. Individual fund data for each of these non-major governmental funds is provided in the form of *combining statements* later in this report.

*Proprietary funds* record revenues when they are earned and record expenses at the time liabilities are incurred. Proprietary funds can be divided into two fund types: enterprise funds and internal service funds. Enterprise funds display financial activities operating in a similar fashion to a business enterprise. Specifically, these funds account for services for which the City charges a user fee. Enterprise funds are documented in

the business-type activities section of the governmental-wide financial statements. They account for operations that provide services primarily to customers outside the financial reporting entity (the City). The City of Wildomar does not have any Proprietary Funds to report.

*Internal service funds* are generally used to accumulate and allocate costs internally among the City's various functions. These funds might include general benefits and insurance, duplicating and printing, office maintenance, architectural services, and information technology, to name a few. Given these services largely benefit governmental activities rather than business-type functions, City services that might ordinarily be reported in this area have been included with governmental activities in the government-wide financial statements. The City of Wildomar does not have any Internal Service Funds to report.

The City of Wildomar adopts an annual appropriated budget for its general fund. A budgetary comparison statement has been provided for the general fund to demonstrate compliance with this budget.

The basic governmental fund financial statements can be found on pages 20 through 26 of this report.

## **Notes to the Basic Financial Statements**

The Notes to the Basic Financial Statements provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements. The Notes to the Basic Financial Statements can be found in the Table of Contents under the heading Notes to Financial Statements.

## **Other Supplementary Information**

In addition to the basic financial statements and included within the notes, this report also presents certain *supplementary information*. The combining statements referred to earlier in connection with non-major governmental funds are presented for all non-major Special Revenue Funds and County Service Area Capital Project Funds. The supplementary financial information also includes budgetary comparison schedules for the non-major governmental funds to demonstrate compliance with the annual budget as adopted and amended. The Supplementary Information can be found following the Notes to the Basic Financial Statements.

## GOVERNMENT-WIDE FINANCIAL ANALYSIS

As noted earlier, net position may serve over time as a useful indicator of a government's financial position. In the case of the City of Wildomar, assets exceeded liabilities by \$27.3 million at June 30, 2015. Infrastructure assets of the governmental activities are included within this report. The general capital assets (e.g., land, buildings, machinery, infrastructure, and equipment) of the governmental activities of the City of Wildomar are the largest portion of the City's net position (85%).

During the fiscal year ended June 30, 2015, net assets were \$27.3 million of which \$23.1 million is invested in capital assets such as equipment, buildings and infrastructure. Of the remaining total, \$5.2 million is restricted to specifically stipulated spending agreements originated by law, contract or other agreements and -\$1 million is unrestricted. Of note is the fact that the City has no outstanding debt related to capital assets held.

As of the date of this report, property taxes were the single greatest source of City revenues for governmental activities. Total property tax revenues increased by \$577,371 (16.7%) as compared to the fiscal year 2013-14. The State of California taking of the recurring Motor Vehicle License Fee Revenues in FY 2011-12 (MVLF, estimated at \$1.7m of “Other Taxes”) is noticed in the Other Taxes line under General Revenues.

## Financial Analysis of Governmental Funds

As noted earlier, the City of Wildomar uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

### Governmental Funds

As stated, governmental fund financial statements identify current sources and uses of money. Benefits derived include a detailed *short-term* view of the City’s general government operations and the basic services it provides, which assists in determining whether there are sufficient financial resources available to meet the City’s current needs.

The financial position of the City's governmental funds has decreased when compared to the previous fiscal year. The total ending fund balance for the City's governmental funds was \$4.4 million which represented a \$947,721 or (17.8%) decrease from the prior fiscal year.

Restricted fund balance is \$5.1 million, the non-spendable fund balance is \$92,167 and unassigned fund balance is (\$843,294) primarily due to the grant funds.

## **Other Major Funds Budgetary Highlights:**

### **Gas Tax and Measure A Funds**

These funds are primarily used to record the expenditure of funds for road maintenance and capital transportation projects. There source of funding is State taxes on gasoline and Measure A receives funding from a county-wide voter approved sales tax.

### **Development Impact Fees**

These funds are used to record the capital expenditures of funds various improvements needed to meet the increased demands associated with new development, primarily residential. Capital facility expansions are pre-determined and are constructed when the collected fees fully fund the improvement. No improvements were authorized for construction during fiscal year 2014-15.

### **Other Governmental Funds-Community Service Area (CSAs) Funds**

As a part of the incorporation of the City, five former CSAs were fully detached from the County in 2010 and transferred to the City. These funds provide services for street lights and landscape maintenance.

### **General Fund Financial Highlights**

The General Fund is the primarily funding source for the City. At fiscal year end, the unassigned fund balance of the general fund was \$773,060 or 9% of the City's general fund expenditures of \$8.8 million.

General Fund revenues increased \$1.1 million from fiscal year 13-14. General Fund expenditures increased \$976,525.

As previously mentioned, the effects of the State take away continue to dramatically impact the City's general fund revenue.

- The effects of the State take away of the City's Motor Vehicle License Fee (MVLF) revenues continue to impact the General Fund by \$1.7 million or 19% of total revenues. The City continues to operate with reduced service levels and other budget reduction measures.

## **CAPITAL ASSETS AND DEBT ADMINISTRATION**

### **Capital Assets**

The City's net investment in capital assets (Table 3) for its governmental activities as of June 30, 2015, is \$23.1 million (net of accumulated depreciation). This investment in capital assets includes land, structures and improvements, furniture and equipment, infrastructure and construction in progress. For more information, please refer to Note 4 in the Notes to Financial Statements. The Capital Assets of the City are those assets which are used in the performance of the City's functions including infrastructure assets. Depreciation on capital assets is recognized in the Government-wide financial statements.

Additional detail information is provided on Capital Assets in the Notes to Financial Statements, Note 1.d.

In accordance with GASB Statement No. 34, the City has reported all general infrastructure assets.

### Long-term Debt

At year end, the City had \$1.3 million in outstanding long-term debt for Governmental Activities. This debt is due to a loan from the County of Riverside for the cost of services (\$1.2 million) the County provided to the City during the City's first year of incorporation and Compensated Absences (\$121,679). Long-term debt decreased \$96,872 during the year due primarily to a payment to the County of Riverside.

**Table 4 Summary of Changes in Long-Term Liabilities**

City of Wildomar <b>Summary of Changes in Long-Term Liabilities</b> For the Year Ended June 30, 2015					
	Beginning Balance	Additions	Deductions	Ending Balance	Within One Year
Loan from Riverside County	\$ 1,294,377	\$ -	\$ 109,040	\$ 1,185,337	\$ 100,000
Compensated Absences	109,511	86,391	74,223	121,679	82,470
<b>Total Long-Term Liabilities</b>	<b>\$ 1,403,888</b>	<b>\$ 86,391</b>	<b>\$ 183,263</b>	<b>\$ 1,307,016</b>	<b>\$ 182,470</b>

## **ECONOMIC FACTORS AND OUTLOOK FOR FUTURE YEARS**

Although the focus of this Comprehensive Annual Financial Report is the economic condition of the City in the Fiscal Year ended June 30, 2015, in preparing the budget for fiscal year 2015-16, management gave careful consideration to the continued impact the State of California will have on the City's budget. The overall approach in the development of the fiscal year 2015-16 budget was to achieve and maintain an appropriate balance of expenditure reductions to address the negative State of California impacts on City revenues, while minimizing impacts on the delivery of services, programs and capital projects.

Key budget assumptions for forecasting General Fund revenues include the following:

- The City will continue to pursue legislative measures to reinstate some form of replacement of the loss of the \$1.7 million motor vehicle license fee revenue.
- Sales tax revenues showed an increase over last year.
- Residential property values are increasing.

The Adopted Operating Budget for Fiscal Year 2015-16 is structurally balanced, addresses some of the City Council's priorities, and attempts to balance achievement of community needs and accomplishment of the Council's goals and objectives while maintaining financial stability in light of the State's taking of the City's MVLF revenues.

## REQUESTS FOR INFORMATION

This financial report is designed to provide a general overview of the City of Wildomar's finances for all those with an interest in the government's finances. Questions concerning any of the information provided in this report or requests for additional financial information should be addressed to:

**CITY OF WILDOMAR****RECONCILIATION OF THE STATEMENT OF REVENUES, EXPENDITURES,  
AND CHANGES IN FUND BALANCES OF GOVERNMENTAL FUNDS  
TO THE STATEMENT OF ACTIVITIES  
YEAR ENDED JUNE 30, 2015**

---

Net change in fund balances - total governmental funds \$ (845,681)

Amounts reported for governmental activities in the statement of activities are different because:

Governmental funds report capital outlays as expenditures. However, in the statement of activities, the costs of those assets is allocated over their estimated useful lives as depreciation expense. This is the amount by which capital outlays exceeded depreciation in the current period.

Capital outlay	\$ 964,945
Depreciation	<u>(2,291,513)</u>
	(1,326,568)

The issuance of long-term debt provides current financial resources to governmental funds, while repayment of principal of long-term debt consumes the current financial resources of governmental funds.

Principal on County Loan paid	109,040
-------------------------------	---------

Compensated absences expenses reported in the statement of activities do not require the use of current financial resources and, therefore, are not reported as expenditures in governmental funds. (12,168)

Pension obligation expenses reported in the statement of activities do not require the use of current financial resources and, therefore, are not reported as expenditures in governmental funds. 145,516

Governmental funds report all contributions in relation to the annual required contribution (ARC) for OPEB as expenditures, however in the statement of activities only the ARC is an expense. 35,451

Revenues reported as unavailable revenue in the governmental funds and recognized in the statement of activities. These are included in the intergovernmental revenues in the governmental fund activity. 30,075

**Change in net position of governmental activities** \$ (1,864,335)

## CITY OF WILDOMAR

### NOTES TO FINANCIAL STATEMENTS JUNE 30, 2015

---

#### I. SIGNIFICANT ACCOUNTING POLICIES

##### Note 1: Summary of Significant Accounting Policies

###### a. Description of the Reporting Entity

The City of Wildomar, California (the City), was incorporated on July 1, 2008, under the laws of the State of California and enjoys all the rights and privileges applicable to a General Law City. The City is governed by an elected five-member board. As required by generally accepted accounting principles, these financial statements present the City (the primary government) and its component units.

Component units are legally separate organizations for which the elected officials of the primary government are financially accountable. In addition, component units can be other organizations for which the nature and significance of their relationship with a primary government are such that exclusion would cause the reporting entity's financial statements to be incomplete. Under this definition, the following entity is determined to be blended component unit of the City. It is reported as blended for the following reasons: (1) the governing board is substantively the same as the primary government and there is a financial benefit or burden relationship between the primary government and the component unit; (2) the component unit provides services entirely, or almost entirely, to the primary government or otherwise exclusively, or almost exclusively, benefits the primary government even though it does not provide services directly to it; and (3) the component unit's total debt outstanding, including leases, is expected to be repaid entirely or almost entirely with the resources of the primary government. The blended component unit has a June 30 year-end. The following entity is reported as a blended component unit:

Wildomar Cemetery District – The Wildomar Cemetery District was absorbed into the City on November 9, 2011. Its purpose is to provide cemetery services to residents of the City of Wildomar. The operations of the District are reported in the Wildomar Cemetery District special revenue fund of the City. Separate financial statements are not prepared for the District.

###### b. Government-Wide and Fund Financial Statements

The government-wide financial statements (i.e., the statement of net position and the statement of activities) report information on all of the activities of the primary government and its component units. For the most part, the effect of interfund activity has been removed from these statements. Governmental activities are normally supported by taxes and intergovernmental revenues.

The statement of activities demonstrates the degree to which the direct expenses of a given function or segment is offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function or segment. Program revenues include: 1) charges to customers or applicants who purchase, use or directly benefit from goods, services or privileges provided by a given function or segment, and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. Taxes and other items not properly included among program revenues are reported instead as general revenues.

## CITY OF WILDOMAR

### NOTES TO FINANCIAL STATEMENTS (CONTINUED) JUNE 30, 2015

---

#### Note 1: Summary of Significant Accounting Policies (Continued)

##### c. Measurement Focus, Basis of Accounting and Financial Statement Presentation

The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property taxes are recognized as revenues in the year for which they are levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the government considers revenues to be available if they are collected within 90 days of the end of the current fiscal period. Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures, as well as expenditures related to compensated absences and claims and judgments, are recorded only when payment is due.

Property taxes, franchise taxes, licenses and interest associated with the current fiscal period are all considered to be susceptible to accrual and have been recognized as revenues of the current fiscal period. All other revenue items are considered to be measurable and available only when cash is received by the government.

The City reports the following major governmental funds:

The General fund is the City's primary operating fund. All general tax receipts and fee revenue not allocated by law, Council policy or contractual agreement to other funds are accounted for in the General Fund. General Fund expenditures include operations traditionally associated with activities, which are not required to be accounted for or paid by another fund.

The Development Impact Fees Fund accounts for new development impact fees that are collected on the City's behalf and can only be used to pay for capital expenditures and cannot be used for operating costs.

The Grants Fund accounts for revenues and expenditures of specific purpose grants within the City.

The Wildomar Cemetery District accounts for revenues and expenditures of the Wildomar Cemetery District, which includes transactions for services, rents, property taxes and interest. The City took over the operations of the District on November 9, 2011 after the Riverside County Local Agency Formation Commission approved the Wildomar Cemetery District as a subsidiary district of the City. This fund also includes an endowment of \$90,000 that is derived from an endowment care fee assessed on each sale of burial right and earnings on these resources.

## CITY OF WILDOMAR

### NOTES TO FINANCIAL STATEMENTS (CONTINUED) JUNE 30, 2015

---

#### Note 1: Summary of Significant Accounting Policies (Continued)

Additionally, the City reports the following fund types:

The special revenue funds are used to account for city financial resources that are restricted by law or contractual agreement for specific purposes other than debt service or major capital projects.

The capital projects fund accounts for the acquisition and operation of the government's capital facilities that were acquired from Riverside County.

As a general rule, the effect of interfund activity has been eliminated from the government-wide financial statements.

Amounts reported as program revenues include: 1) charges to customers or applicants for goods, services or privileges provided, 2) operating grants and contributions, and 3) capital grants and contributions. Internally dedicated resources are reported as general revenues rather than as program revenues. Likewise, general revenues include all taxes.

#### d. Assets, Deferred Outflows/Inflows of Resources, Liabilities, and Net Position or Equity

##### Cash and Investments

The City's cash and cash equivalents are considered to be cash on hand, demand deposits and short-term investments with original maturities of three months or less from the date of acquisition. For financial statement presentation purposes, cash and cash equivalents are shown as both restricted and unrestricted cash and investments in the governmental funds.

Investments are reported at fair value. The City's policy is generally to hold investments until maturity or until fair values equal or exceed cost. The State Treasurer's Investment Pool operates in accordance with appropriate state laws and regulations. The reported value of the pool is the same as the fair value of the pool shares.

##### Receivables and Payables

Activity between funds that are representative of lending/borrowing arrangements outstanding at the end of the fiscal year are referred to as either "due to/from other funds" (i.e., the current portion of interfund loans) or "advances to/from other funds" (i.e., the non-current portion of interfund loans). All other outstanding balances between funds are reported as "due to/from other funds." Advances between funds, as reported in the fund financial statements, are offset by a fund balance reserve account in applicable governmental funds to indicate that they are not available for appropriation and are not expendable available financial resources.

All trade and property tax receivables are shown net of an allowance for uncollectibles.

##### Prepaid Costs and Deposits

Certain payments to vendors reflect costs applicable to future accounting periods and are recorded as prepaid costs in both government-wide and fund financial statements. The City accounts for prepaid costs using the consumption method and is equally offset by a nonspendable fund balance in the fund-level statement, which indicates that it does not constitute "available spendable resources."

**CITY OF WILDOMAR****NOTES TO FINANCIAL STATEMENTS (CONTINUED)**  
**JUNE 30, 2015**

---

**Note 1: Summary of Significant Accounting Policies (Continued)****Capital Assets**

Capital assets, which include property, plant, equipment and infrastructure assets (e.g., roads, bridges, sidewalks and similar items), are reported in the governmental activities column in the government-wide financial statements. Capital assets are defined by the government as assets with an initial, individual cost of more than \$5,000 (amount not rounded) and an estimated useful life in excess of three years. Such assets are recorded at historical cost or estimated historical cost if purchased or constructed. Donated capital assets are recorded at estimated fair value at the date of donation.

In accordance with GASB Statement No. 34, the City has reported all general infrastructure assets.

The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend assets lives are not capitalized. Major outlays for capital assets and improvements are capitalized as projects are constructed.

Property, plant, equipment, and infrastructure are depreciated using the straight-line, half-year convention method over the following estimated useful lives:

Assets	Years
Building and improvements	10-30
Equipment and furniture	3-20
Vehicles	5-10
Infrastructure	10-50
Software	5-10

**Deferred outflows/inflows of resources**

In addition to assets, the statement of financial position will sometimes report a separate section for deferred outflows of resources. This separate financial statement element, deferred outflows of resources, represents a consumption of net position that applies to a future period(s) and so will not be recognized as an outflow of resources (expense/ expenditure) until then. The City reports deferred outflows of resources for pension which relate to contributions after the measurement date and adjustments due to the difference in proportions.

In addition to liabilities, the statement of financial position will sometimes report a separate section for deferred inflows of resources. This separate financial statement element, deferred inflows of resources, represents an acquisition of net position that applies to a future period(s) and so will not be recognized as an inflow of resources (revenue) until that time. The City has two types of items, which arises only under a modified accrual basis of accounting that qualifies for reporting in this category. Accordingly, the item, unavailable revenue, is reported only in the governmental funds balance sheet. The governmental funds report unavailable revenues from two sources: sales tax and grant revenues. These amounts are deferred and recognized as an inflow of resources in the period that the amounts become available. In addition, the City reports deferred inflow of resources for pensions which relate to the net difference between projected and actual earnings of pension plan investments and the difference between actual and plan share proportionate contributions.

## CITY OF WILDOMAR

### NOTES TO FINANCIAL STATEMENTS (CONTINUED) JUNE 30, 2015

---

#### Note 1: Summary of Significant Accounting Policies (Continued)

##### Compensated Absences

Vacation pay is payable to employees at the time a vacation is taken or upon termination of employment. The maximum number of vacation days an employee can accrue is 40 days. A maximum of five vacation days per year may be converted to compensation.

Sick leave is payable when an employee is unable to work because of illness. Sick leave is convertible to vacation at the rate of ten (10) days of sick leave to one (1) day of vacation.

The liability for compensated absences will be paid in future years from the General Fund.

##### Net Pension Liability

For purposes of measuring the net pension liability, deferred outflows and inflows of resources related to pensions, and pension expense, information about the fiduciary net position and additions to/deductions from the fiduciary net position have been determined on the same basis as they are reported by the CalPERS Financial Office. For this purpose, benefit payments (including refunds of employee contributions) are recognized when currently due and payable in accordance with the benefit terms. Investments are reported at fair value. CalPERS audited financial statements are publicly available reports that can be obtained at CalPERS' website under Forms and Publications.

GASB 68 requires that the reported results must pertain to liability and asset information within certain defined timeframes. For this report, the following timeframes are used.

Valuation Date (VD): June 30, 2013

Measurement Date (MD): June 30, 2014

Measurement Period (MP): July 1, 2013 to June 30, 2014

##### Fund Equity

In the fund financial statements, government funds report the following fund balance classification:

Nonspendable include amounts that cannot be spent because they are either (a) not in spendable form or (b) legally or contractually required to be maintained intact.

Restricted include amounts that are constrained on the use of resources by either (a) external creditors, grantors, contributors, or laws or regulations of other governments or (b) by law through constitutional provisions or enabling legislation.

Committed include amounts that can only be used for specific purposes pursuant to constraints imposed by formal action of the government's highest authority, the City Council. The formal action that is required to be taken to establish, modify, or rescind a fund balance commitment is a resolution.

## CITY OF WILDOMAR

### NOTES TO FINANCIAL STATEMENTS (CONTINUED) JUNE 30, 2015

---

#### Note 1: Summary of Significant Accounting Policies (Continued)

Assigned include amounts that are constrained by the government's intent to be used for specific purposes, but are neither restricted nor committed. The City Manager is authorized to assign amounts to a specific purpose, which was established by the governing body in Resolution No. 2011-32 approved on June 21, 2011.

Unassigned include the residual amounts that have not been restricted, committed, or assigned to specific purposes.

#### Net position flow assumption

Sometimes the City will fund outlays for a particular purpose from both restricted (e.g., restricted bond or grant proceeds) and unrestricted resources. In order to calculate the amounts to report as restricted – net position and unrestricted – net position in the government-wide, a flow assumption must be made about the order in which the resources are considered to be applied. It is the government's policy to consider restricted – net position to have been depleted before unrestricted – net position is applied.

#### Fund balance flow assumption

Sometimes the City will fund outlays for a particular purpose from both restricted and unrestricted resources (the total of committed, assigned, and unassigned fund balance). In order to calculate the amounts to report as restricted, committed, assigned, and unassigned fund balance in the governmental fund financial statements a flow assumption must be made about the order in which the resources are considered to be applied. It is the City's policy to consider restricted fund balance to have been depleted before using any of the components of unrestricted fund balance. Further, when the components of unrestricted fund balance can be used for the same purpose, committed fund balance is depleted first, followed by assigned fund balance. Unassigned fund balance is applied last.

#### Property Taxes

Property tax revenue is recognized on the modified accrual basis, that is, in the fiscal year for which the taxes have been levied providing they become available. Available means then due or past due and receivable within the current period and collected within the current period or expected to be collected soon enough thereafter to be used to pay liabilities of the current period. The County of Riverside collects property taxes for the City. Tax liens attach annually as of 12:01 A.M. on the first day in January proceeding the fiscal year for which the taxes are levied. The tax levy covers the fiscal period July 1 to June 30. All secured personal property taxes and one-half of the taxes on real property are due November 1; the second installment is due February 1. All taxes are delinquent, if unpaid, on December 10 and April 10, respectively. Unsecured personal property taxes become due on the first of March each year and are delinquent on August 31.

## CITY OF WILDOMAR

### NOTES TO FINANCIAL STATEMENTS (CONTINUED) JUNE 30, 2015

---

#### Note 1: Summary of Significant Accounting Policies (Continued)

##### Functional Classifications

Expenditures of the governmental funds are classified by function. Functional classifications are defined as follows:

- General Government includes legislative activities, City Clerk, City Attorney, City Manager as well as management or supportive services across more than one functional area.
- Public Safety includes those activities which involve police protection, fire protection and animal control services.
- Community Development includes those activities which involve planning, building and safety and code enforcement.
- Parks and Recreation includes activities which provide recreation, cultural and educational services.
- Public Works includes all maintenance, engineering and capital improvements which relate to streets and other public facilities.

##### e. Effect of New Accounting Standards

During the fiscal year ended June 30, 2015, the City implemented the following Governmental Accounting Standards Board (GASB) standards:

**GASB Statement No. 68 – Accounting and Financial Reporting for Pensions—an Amendment of GASB Statement No. 27** will improve the decision-usefulness of information in local government employer entity financial reports and will enhance its value for assessing accountability and inter-period equity by requiring recognition of the entire net pension liability and a more comprehensive measure of pension expense. Decision-usefulness and accountability also will be enhanced through new note disclosures and required supplementary information. The requirements of this statement are effective for financial statements for periods beginning after June 15, 2014.

**GASB Statement No. 71 – Pension Transition for Contributions Made Subsequent to the Measurement Date – an Amendment of GASB Statement No. 68.** The objective of this Statement is to address an issue regarding application of the transition provisions of Statement No. 68, *Accounting and Financial Reporting for Pensions*. The issue relates to amounts associated with contributions, if any, made by a local government employer contributing entity to a defined benefit pension plan after the measurement date of the government's beginning net pension liability. The provisions of GASB Statement No. 71 are effective for financial statements beginning after June 15, 2014.

The implementation of GASB Statement No. 68, *Accounting and Financial Reporting for Pensions*, and GASB Statement No. 71, *Pension Transition for Contributions Made Subsequent to the Measurement Date* resulted in a beginning net position restatement at July 1, 2014 of \$27,306 for governmental activities.

**CITY OF WILDOMAR****NOTES TO FINANCIAL STATEMENTS (CONTINUED)**  
**JUNE 30, 2015**

---

**II. STEWARDSHIP****Note 2: Stewardship, Compliance and Accountability**

The following funds contained deficit fund balances or net position:

<u>Fund</u>	<u>Amount</u>
Special Revenue Fund:	
Grants	\$ (1,072,100)
Gas Tax	(288,629)
SLESF	(15,057)
TDA	(26,978)
Community Development Block Grant	(136,997)
Animal Shelter DIF	(76,593)

**III. DETAILED NOTES ON ALL FUNDS****Note 3: Cash and Investments**

As of June 30, 2015, cash and investments were reported in the accompanying financial statements as follows:

Governmental Activities	<u>\$ 7,176,350</u>
-------------------------	---------------------

The City maintains a cash and investment pool that is available for use for all funds. Each fund type's position in the pool is reported on the combined balance sheet as cash and investments. The City has adopted an investment policy which authorizes it to invest in various investments.

Interest income earned on pooled cash and investments is allocated quarterly to the General Fund based on average daily cash balances.

**Deposits**

At June 30, 2015, the carrying amount of the City's deposits was \$5,501,119 and the bank balance was \$5,683,579. The \$182,460 difference represents outstanding checks and other reconciling items.

The California Government Code requires California banks and savings and loan associations to secure a City's deposits by pledging government securities with a value of 110% of a City's deposits. California law also allows financial institutions to secure City deposits by pledging first trust deed mortgage notes having a value of 150% of a City's total deposits. The City Treasurer may waive the collateral requirement for deposits which are fully insured up to \$250,000 by the FDIC. The collateral for deposits in federal and state chartered banks is held in safekeeping by an authorized Agent of Depository recognized by the State of California Department of Banking. The collateral for deposits with savings and loan associations is generally held in safekeeping by the Federal Home Loan Bank in San Francisco, California as an Agent of Depository. These securities are physically held in an undivided pool for all California public agency depositors. Under Government Code Section 53655, the placement of securities by a bank or savings and loan association with an "Agent of Depository" has the effect of perfecting the security interest in the name of the local governmental agency. Accordingly, all collateral held by California Agents of Depository are considered to be held for, and in the name of, the local governmental agency.

## CITY OF WILDOMAR

### NOTES TO FINANCIAL STATEMENTS (CONTINUED) JUNE 30, 2015

---

#### Note 3: Cash and Investments (Continued)

##### Investments

Under provision of the City's investment policy and in accordance with the California Government Code, the following investments are authorized:

- Securities of the U.S. Government
- Securities of U.S. Government Agencies
- City, State and Municipal Bonds
- Time Deposits and Certificates of Deposit
- Negotiable Certificates of Deposit
- Bankers' Acceptance Notes
- Commercial Paper
- Repurchase Agreements
- Money Market Mutual Funds
- Local Agency Investment Fund (LAIF)
- Joint Powers Authority Investment Pools

##### Investments Authorized by Debt Agreements

The above investments do not address investment of debt proceeds held by a bond trustee. Investments of debt proceeds held by a bond trustee are governed by provisions of the debt agreements, rather than the general provisions of the California Government Code or the City's investment policy.

##### Investments in State Investment Pool

The City is a voluntary participant in the Local Agency Investment Fund (LAIF) that is regulated by California Government Code Section 16429 under the oversight of the Treasurer of the State of California. LAIF is overseen by the Local Agency Investment Advisory Board, which consists of five members, in accordance with State statute. The State Treasurer's Office audits the fund annually. The fair value of the position in the investment pool is the same as the value of the pool shares.

##### GASB Statement No. 31

The City adopted GASB Statement No. 31, Accounting and Financial Reporting for certain investments and for External Investment Pools, as of July 1, 1997. GASB Statement No. 31 establishes fair value standards for investments in participating interest earning investment contracts, external investment pools, equity securities, option contracts, stock warrants and stock rights that have readily determinable fair values. Accordingly, the City reports its investments at fair value in the balance sheet. All investment income, including changes in the fair value of investments, is recognized as revenue in the operating statement.

##### Custodial Credit Risk

The custodial credit risk for deposits is the risk that, in the event of the failure of a depository financial institution, a government will not be able to recover deposits or will not be able to recover collateral securities that are in the possession of an outside party. The custodial credit risk for investments is the risk that, in the event of the failure of the counterparty to a transaction, a government will not be able to recover the value of

**CITY OF WILDOMAR****NOTES TO FINANCIAL STATEMENTS (CONTINUED)**  
**JUNE 30, 2015**

---

investment or collateral securities that are in the possession of an outside party. Investments in U.S. government securities are not considered to have credit risk and, therefore, their credit quality is not disclosed.

As of June 30, 2015, none of the City's deposits or investments were exposed to custodial credit risk.

**Concentration of Credit Risk**

The City's investment policy diversifies its investments by security type, institution and maturity/call dates. With the exception of U.S. Treasury securities and authorized pools, no more than 50% of the City's total investment portfolio can be invested in a single security type or with a single financial institution.

**Credit Risk**

Generally, credit risk is the risk that an issuer of an investment will not fulfill its obligation to the holder of the investment. This is measured by the assignment of a rating by a nationally recognized statistical rating organization. The City's investment policy limits investments in commercial paper to those rated "A" or higher from Standard and Poor's (S&P) and Moody's, respectively. At June 30, 2015, the City's investment in LAIF and money market is unrated.

**Interest Rate Risk**

The City's investment policy investment maturities to five years, unless matched to a specific cash flow. Reserve funds may be invested in securities exceeding five years if the maturity of such investments is made to coincide as nearly as practicable with the expected use of the funds. The City has elected to use the segmented time distribution method of disclosure for its interest rate risk.

As of June 30, 2015, the City had the following investments and remaining maturities:

	Investment Maturities (in Years)	
	Less than 1 year	Fair Value
California Local Agency Investment Fund	\$ 1,549,394	\$ 1,549,394
Money Market	125,837	125,837
<b>Total</b>	<b>\$ 1,675,231</b>	<b>\$ 1,675,231</b>

**CITY OF WILDOMAR**

**JUNE 30, 2015**

---

**Note 4: Capital Assets**

Capital asset activity for the year ended June 30, 2015, was as follows:

	Beginning Balance	Additions	Deletions	Ending Balance
Capital assets, not being depreciated:				
Land	\$ 3,190,006	\$ -	\$ -	\$ 3,190,006
Construction in progress	1,339,241	926,789	701,010	1,565,020
Right-of-way	<u>622,935</u>	-	-	<u>622,935</u>
Total Capital Assets, Not Being Depreciated	<u>5,152,182</u>	<u>926,789</u>	<u>701,010</u>	<u>5,377,961</u>
Capital assets, being depreciated:				
Buildings and improvements	7,094,471	38,156	-	7,132,627
Furniture, fixtures and equipment	46,730	-	-	46,730
Traffic Signals	128,838	-	-	128,838
Infrastructure	<u>40,245,355</u>	<u>701,010</u>	-	<u>40,946,365</u>
Total Capital Assets, Being Depreciated	<u>47,515,394</u>	<u>739,166</u>	-	<u>48,254,560</u>
Less accumulated depreciation:				
Buildings and improvements	1,852,661	237,754	-	2,090,415
Furniture, fixtures and equipment	55,913	6,457	-	62,370
Traffic Signals	19,326	6,442	-	25,768
Infrastructure	<u>26,345,546</u>	<u>2,040,860</u>	-	<u>28,386,406</u>
Total Accumulated Depreciation	<u>28,273,446</u>	<u>2,291,513</u>	-	<u>30,564,959</u>
Total Capital Assets, Being Depreciated, Net	<u>19,241,948</u>	<u>(1,552,347)</u>	-	<u>17,689,601</u>
Governmental Activities Capital Assets, Net	<u>\$ 24,394,130</u>	<u>\$ (625,558)</u>	<u>\$ 701,010</u>	<u>\$ 23,067,562</u>

Depreciation expense was charged to functions/programs of the primary government as follows:

Governmental Activities:	
General government	\$ 6,464
Cemetery	3,137
Parks and recreation	324,699
Public works	<u>1,957,213</u>
Total Depreciation Expense - Governmental Activities	<u>\$ 2,291,513</u>

**CITY OF WILDOMAR****NOTES TO FINANCIAL STATEMENTS (CONTINUED)**  
**JUNE 30, 2015****Note 5: Long-Term Liabilities**

The following is a schedule of changes in long-term debt for the fiscal year ended June 30, 2015:

	Beginning Balance	Additions	Deductions	Ending Balance	Within One Year
Loan from County	\$ 1,294,377	\$ -	\$ 109,040	\$ 1,185,337	\$ 100,000
Compensated absences	109,511	86,391	74,223	121,679	82,470
Total Long-Term Liabilities	<u>\$ 1,403,888</u>	<u>\$ 86,391</u>	<u>\$ 183,263</u>	<u>\$ 1,307,016</u>	<u>\$ 182,470</u>

**Loan from County**

As part of the Comprehensive Fiscal Analysis prepared as part of the formation documents for the City, the County of Riverside (County) and other servicing agencies were to provide municipal level services during the transition year (July 1, 2008 through June 30, 2009). The County was to receive certain revenues on behalf of the City and apply them to the payment that would otherwise be necessary for providing those services. However, the County is allowed under law to require the City to pay back the overall net cost of providing these services. The amount is to be repaid by June 30, 2015, with interest of 4%; however, there is no set repayment schedule. On February 8, 2012, the City formally requested a deferral by resolution. The County Executive Office submitted a resolution for approval by the Board on March 27, 2012, for the City to be allowed to defer repayment of the general fund services cost repayments for an additional eight years to June 30, 2021, with a minimum annual payment of no less than \$100,000 plus CPI starting July 1, 2013, which supersedes the original agreement thus the accrued interest is no longer due. The outstanding balance as of June 30, 2015, is \$1,185,337.

**Compensated Absences**

The City accrues accumulated unpaid vacation, sick leave and associated employee-related costs when earned (or estimated to be earned) by the employee as described in Note 1. The City at June 30, 2015, had an outstanding accrued balance of unpaid vacation, sick and associated employee of \$121,679 that will be liquidated from various funding sources in future years.

**CITY OF WILDOMAR****NOTES TO FINANCIAL STATEMENTS (CONTINUED)**  
**JUNE 30, 2015****Note 6: Interfund Receivable, Payable and Transfers****a. Due To / From Other Funds**

Funds	Due To Other Funds:			
	Grants Fund	Development Impact Fees	Other Governmental Funds	Total
<b>Due From Other Funds:</b>				
General Fund	\$ -	\$ 115,641	\$ 915,274	\$ 1,030,915
Development Impact Fees	<u>914,528</u>	-	-	<u>914,528</u>
<b>Total</b>	<b><u>\$ 914,528</u></b>	<b><u>\$ 115,641</u></b>	<b><u>\$ 915,274</u></b>	<b><u>\$ 1,945,443</u></b>

These were the result of routine interfund transactions due to eliminating temporary deficit cash balances.

**b. Interfund Transfers**

	Transfer Out:			
	Wildomar Cemetery District	Development Impact Fees	Other Governmental Funds	Total
<b>Transfers In:</b>				
General Fund	\$ 47,558	\$ 27,389	\$ 469,169	\$ 544,116
<b>Total</b>	<b><u>\$ 47,558</u></b>	<b><u>\$ 27,389</u></b>	<b><u>\$ 469,169</u></b>	<b><u>\$ 544,116</u></b>

During the year, interfund transfers were made to the General Fund for the purpose of funding administrative costs.

**Note 7: Pension Plan****Plan Description**

All qualified permanent and probationary employees are eligible to participate in the City of Wildomar's separate Miscellaneous Pension Plan, cost-sharing multiple employer defined benefit pension plans administered by the California Public Employees' Retirement System (CalPERS). Benefit provisions under the Plan is established by State statute and City resolution. CalPERS issues publicly available reports that include a full description of the pension plans regarding benefit provisions, assumptions and membership information that can be found on the CalPERS website.

**Benefits Provided**

CalPERS provides service retirement and disability benefits, annual cost of living adjustments and death benefits to plan members, who must be public employees and beneficiaries. Benefits are based on years of credited service, equal to one year of full time employment. Members with five years of total service are eligible to retire at age 50 with statutorily reduced benefits. All members are eligible for non-duty disability benefits after 10 years of service. The death benefit is one of the following: The Basic Death Benefit, the 1957 Survivor Benefit, or the Optional Settlement 2W Death Benefit. The cost of living adjustments for each plan are applied as specified by the Public Employees' Retirement Law.

**CITY OF WILDOMAR**

**NOTES TO FINANCIAL STATEMENTS (CONTINUED)**  
**JUNE 30, 2015**

---

**Note 7: Pension Plan (Continued)**

	Miscellaneous	PEPRA
	Prior to January 1, 2013	On or after January 1, 2013
Benefit Formula	2.7% @ 55	2.0% @ 62

Survivor Allowance (PRSA)	no	no
COLA	2%	2%

**Required Contribution**

Section 20814(c) of the California Public Employees' Retirement Law (PERL) requires that the employer contribution rates for all public employers be determined on an annual basis by the actuary and shall be effective on the July 1 following notice of a change in the rate. The total plan contributions are determined through the CalPERS' annual actuarial valuation process. The actuarially determined rate is based on the estimated amount necessary to pay the Plan's allocated share of the risk pool's costs of benefits earned by employees during the year, and any unfunded accrued liability. The City is required to contribute the difference between the actuarially determined rate and the contribution rate of employees.

For the year ended June 30, 2015, the contributions recognized as a reduction of the net pension liability was \$156,299.

**Pension Liabilities, Pension Expense, and Deferred Outflows and Deferred Inflows of Resources Related to Pensions**

As of June 30, 2015, the City reported a net pension liability for its proportionate share of the net pension liability of the Miscellaneous Plan as follows:

<b>Proportionate Share of Net Pension Liability</b>		
Miscellaneous Plan	\$	98,405
<b>Total Net Pension Liability:</b>	<b>\$</b>	<b>98,405</b>

**CITY OF WILDOMAR****NOTES TO FINANCIAL STATEMENTS (CONTINUED)**  
**JUNE 30, 2015****Note 7: Pension Plan (Continued)**

The City's net pension liability for the Plan is measured as the proportionate share of the net pension liability. The net pension liability of the Plan is measured as of June 30, 2014, and the total pension liability for each Plan used to calculate the net pension liability was determined by an actuarial valuation as of June 30, 2013 rolled forward to June 30, 2014 using standard update procedures. The City's proportion of the net pension liability was based on a projection of the City's long-term share of contributions to the pension plan relative to the projected contributions of all participating employers, actuarially determined. The City's proportionate share of the net pension liability for the Plan as of June 30, 2013 and 2014 was as follows:

Proportion - June 30, 2013	0.00394%
Proportion - June 30, 2014	0.00398%
Change - Increase (Decrease)	<u>0.00004%</u>

For the year ended June 30, 2015, the City recognized pension expense of \$51,008. At June 30, 2015, the City reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	<b>Deferred Outflows of Resources</b>	<b>Deferred Inflows of Resources</b>
<b>Miscellaneous Plan</b>		
Contributions made after the measurement date	\$ 196,524	\$ -
Net difference between projected and actual earnings on pension plan investments	-	28,724
Difference between expected and actual experience	144,991	-
Adjustment due to differences in proportions	-	41,564
<b>Plan Total</b>	<b>\$ 341,515</b>	<b>\$ 70,288</b>

\$196,524 reported as deferred outflows of resources related to contributions subsequent to the measurement date will be recognized as a reduction of the net pension liability in the year ended June 30, 2016. Other amounts reported as deferred outflows or deferred inflows of resources related to pensions will be recognized as pension expense as follows:

<b>Year ended June 30:</b>	<b>Deferred Outflows of Resources</b>	<b>Deferred Inflows of Resources</b>
2016	\$ 38,156	\$ (22,025)
2017	38,156	(22,025)
2018	38,156	(19,057)
2019	30,523	(7,181)
	<b>\$ 144,991</b>	<b>\$ (70,288)</b>

**CITY OF WILDOMAR****NOTES TO FINANCIAL STATEMENTS (CONTINUED)**  
**JUNE 30, 2015**

---

**Note 7: Pension Plan (Continued)****Actuarial Methods and Assumptions Used to Determine Total Pension Liability**

For the measurement period ended June 30, 2014 (the measurement date), the total pension liability was determined by rolling forward the June 30, 2013 total pension liability. The June 30, 2013 and the June 30, 2014 total pension liabilities were based on the following actuarial methods and assumptions:

Actuarial Cost Method	Entry Age Normal Cost Method
Actuarial Assumptions	
Discount Rate	7.50%
Inflation	2.75%
Salary Increases	3.3% - 14.2% (1)
Investment Rate of Return	7.50% (2)
Mortality Rate Table (3)	Derived using CalPERS' Membership Data for all Funds
Post Retirement Benefit Increase	Contract COLA up to 2.75% until Purchasing Power Protection Allowance Floor on Purchasing Power applies, 2.75% thereafter

(1) Depending on age, service and type of employment

(2) Net of Pension Plan Investment and Administrative Expenses; includes Inflation

(3) The mortality table used was developed based on CalPERS' specific data. The table includes 20 years of mortality improvements using Society of Actuaries Scale BB. For more details on this table, please refer to the 2014 experience study report on the CalPERS website.

All other actuarial assumptions used in the June 30, 2013 valuation were based on the results of an actuarial experience study for the period from 1997 to 2011, including updates to salary increase, mortality and retirement rates. The Experience Study report can be obtained at CalPERS' website under Forms and Publications.

**Discount Rate**

The discount rate used to measure the total pension liability was 7.50 percent. To determine whether the municipal bond rate should be used in the calculation of a discount rate for each plan, CalPERS stress tested plans that would most likely result in a discount rate that would be different from the actuarially assumed discount rate. Based on the testing, none of the tested plans run out of assets. Therefore, the current 7.50 percent discount rate is adequate and the use of the municipal bond rate calculation is not necessary. The long term expected discount rate of 7.50 percent is applied to all plans in the Public Employees Retirement Fund. The stress test results are presented in a detailed report called "GASB Crossover Testing Report" that can be obtained at CalPERS' website under the GASB 68 section.

**CITY OF WILDOMAR****NOTES TO FINANCIAL STATEMENTS (CONTINUED)**  
**JUNE 30, 2015**

---

**Note 7: Pension Plan (Continued)**

According to Paragraph 30 of Statement 68, the long-term discount rate should be determined without reduction for pension plan administrative expense. The 7.50 percent investment return assumption used in this accounting valuation is net of administrative expenses. Administrative expenses are assumed to be 15 basis points. An investment return excluding administrative expenses would have been 7.65 percent. Using this lower discount rate has resulted in a slightly higher total pension liability and net pension liability.

CalPERS is scheduled to review all actuarial assumptions as part of its regular Asset Liability Management review cycle that is scheduled to be completed in February 2018. Any changes to the discount rate will require Board action and proper stakeholder outreach. For these reasons, CalPERS expects to continue using a discount rate net of administrative expenses for GASB 67 and 68 calculations through at least the 2017-18 fiscal year. CalPERS will continue to check the materiality of the difference in calculation until such time as they have changed their methodology.

The long-term expected rate of return on pension plan investments was determined using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class.

In determining the long-term expected rate of return, CalPERS took into account both short-term and long-term market return expectations as well as the expected pension fund cash flows. Such cash flows were developed assuming that both members and employers will make their required contributions on time and as scheduled in all future years. Using historical returns of all the funds' asset classes, expected compound (geometric) returns were calculated over the short-term (first 10 years) and the long-term (11-60 years) using a building-block approach. Using the expected nominal returns for both short-term and long-term, the present value of benefits was calculated for each fund. The expected rate of return was set by calculating the single equivalent expected return that arrived at the same present value of benefits for cash flows as the one calculated using both short-term and long-term returns. The expected rate of return was then set equivalent to the single equivalent rate calculated above and rounded down to the nearest one quarter of one percent.

The table below reflects long-term expected real rate of return by asset class. The rate of return was calculated using the capital market assumptions applied to determine the discount rate and asset allocation. These geometric rates of return are net of administrative expenses.

Asset Class	New Strategic Allocation	Real Return Years 1 - 10 (1)	Real Return Years 11+ (2)
Global Equity	47.0%	5.25%	5.71%
Global Fixed Income	19.0	0.99	2.43
Inflation Sensitive	6.0	0.45	3.36
Private Equity	12.0	6.83	6.95
Real Estate	11.0	4.50	5.13
Infrastructure and Forestland	3.0	4.50	5.09
Liquidity	2.0	(0.55)	(1.05)

(1) An expected inflation of 2.5% used for this period  
(2) An expected inflation of 3.0% used for this period

**CITY OF WILDOMAR****NOTES TO FINANCIAL STATEMENTS (CONTINUED)**  
**JUNE 30, 2015****Note 7: Pension Plan (Continued)**

Sensitivity of the Proportionate Share of the Net Pension Liability to Changes in the Discount Rate

The following presents the City's proportionate share of the net pension liability for each Plan, calculated using the discount rate for each Plan, as well as what the District's proportionate share of the net pension liability would be if it were calculated using a discount rate that is 1% point lower or 1% point higher than the current rate:

	Discount Rate - 1%	Current Discount	Discount Rate +1%
	6.50%	7.50%	8.50%
Plan's Net Pension Liability/(Asset)	\$ 166,935	\$ 98,405	\$ 41,531

**Pension Plan Fiduciary Net Position**

Detailed information about each pension plan's fiduciary net position is available in the separately issued CalPERS financial reports.

**Note 8: Other Post-Employment Benefits****Plan Description**

The City provides other post-employment benefits (OPEB) through a single-employer defined benefit healthcare plan. Separate financial statements are not available for the plan. In prior years, the City had two separate plans for City of Wildomar employees and Wildomar Cemetery District employees. Beginning in fiscal year 2014-15, the City consolidated the two plans into a single plan that covers all employees.

**Funding Policy**

The contribution requirements of plan members and the City are established and may be amended by the City and/or City Council. There were \$6,115 in contributions made during the 2014-2015, fiscal year to cover current plan premiums.

As a result, the City calculated and recorded a net OPEB obligation, representing the difference between the annual required contribution (ARC) and actual contributions, as presented below:

Annual required contribution (ARC)	\$ 21,854
Interest on net OPEB obligation (asset)	2,843
Adjustment to ARC	(4,260)
Annual OPEB Cost	20,437
Contributions made	6,115
(Decrease) increase in Net OPEB obligation	14,322
Adjustment for changes in assumptions	(49,773)
Net OPEB obligation (asset) June 30, 2014	131,710
Net OPEB obligation (asset) June 30, 2015	\$ 96,259

**CITY OF WILDOMAR****NOTES TO FINANCIAL STATEMENTS (CONTINUED)**  
**JUNE 30, 2015****Note 8: Other Post-Employment Benefits**

For the fiscal year 2014-2015, the City's annual OPEB cost (expense) was \$20,437. The Net OPEB obligation for the most recent fiscal years is presented below:

Fiscal Year End	Annual OPEB Cost	Actual Contribution (Net of Adjustments)	Percentage of Annual OPEB Cost Contributed	Net OPEB Obligation (Asset)
6/30/2013	\$ 29,750	\$ 2,812	9%	\$ 104,687
6/30/2014	27,023	-	0%	131,710
6/30/2015	20,437	(55,893)	0%	96,259

**Funded Status and Funding Progress**

Actuarial valuations of an ongoing plan involve estimates of the value of reported amounts and assumptions about the probability of occurrence of events far into the future. Examples include assumptions about future employment, mortality, and the healthcare cost trend. Amounts determined regarding the funded status of the plan and the annual required contributions of the City are subject to continual revision as actual results are compared with past expectations and new estimates are made about the future.

The schedule of funding progress below presents multiyear trend information about whether the actuarial value of plan assets is increasing or decreasing over time relative to the actuarial accrued liabilities for benefits.

**Schedule of Funding Progress for OPEB**

Type of Valuation	Actuarial Valuation Date	Actuarial Value of Assets	Unfunded Actuarial Accrued Liability	Funded Ratio	Covered Payroll	UAAL as percent of Covered Payroll	Interest Rate	Salary Scale
Actual	6/30/2015	\$ -	\$ 146,165	0.0%	\$ 869,236	17%	3.75%	2.75%

**Actuarial Methods and Assumptions**

Projections of benefits for financial reporting purposes are based on the substantive plan (the plan as understood by the employer and the plan members) and include the types of benefits provided at the time of each valuation and the historical pattern of sharing of benefit costs between the employer and plan members to that point. The actuarial methods and assumptions used include techniques that are designed to reduce the effects of short-term volatility in the actuarial accrued liabilities and the actuarial value of assets, consistent with the long-term perspective of the calculations.

In the June 30, 2015, actuarial valuation, the entry age normal cost method was used. The actuarial assumptions include a 3.75% investment rate of return, which is a blended rate of the expected long-term investment return on plan assets and on the employer's own investments calculated based on the funded level of the plan at the valuation date, and annual healthcare cost trend rate of 2.5% to 8.2% after eight years. Both rates include a 2.75% inflation assumption. The actuarial value of assets is set equal to the reported fair value of assets. The UAAL is being amortized as a level percentage of payroll on an open basis. The remaining amortization period at June 30, 2015, was thirty years. The number of active participants is 10 and there is one retiree receiving benefits.

## CITY OF WILDOMAR

### NOTES TO FINANCIAL STATEMENTS (CONTINUED) JUNE 30, 2015

---

#### Note 9: Risk Management

The City is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; and natural disasters for which the City obtains insurance coverage.

The City is a member of the Public Agency Risk Sharing Authority of California – PARSAC (Authority), a joint powers authority, which provides joint protection programs for public entities covering automobile, general liability, errors and omission losses, workers' compensation, and property claims. Under the program, the City has a \$5,000 retention limit similar to a deductible with the Authority being responsible for losses above that amount up to \$1 million. The Authority has additional coverage of \$34 million in excess of its \$1 million retention limit through affiliated risk management authorities. The Authority also provides one billion dollars aggregate per occurrence property damage to its members with such coverage provided by purchased insurance.

Liabilities of the City are reported when it is probable that a loss has occurred and the amount of the loss can be reasonably estimated. Liabilities include an amount for claims that have been incurred by not reported (IBNRs). The result of the process to estimate the claims liability is not an exact amount as it depends on many complex factors, such as inflation, changes in legal doctrines, and damage awards. Accordingly, claims are reevaluated periodically to consider the effects of economic and social factors. The estimate of the claims liability also includes amounts for incremental claim adjustment expenses related to specific claims and other claim adjustment expenses regardless of whether allocated to specific claims. Estimated recoveries, for example from salvage or subrogation, are another component of the claims liability estimate.

The Authority covers workers' compensation claims up to its self-insurance limit of \$500,000. The Local Agency Workers Compensation Excess Pool provides excess coverage to statutory limits. The City pays an annual premium to the Authority and may share in any surplus revenues or may be required to pay additional assessments based on the Authority's operating results. Financial statements of the Public Agency Risk Sharing Authority of California (PARSAC) may be obtained from its administrative office located at 1525 Response Road, Suite One, Sacramento, California, 95815; [www.parsac.org](http://www.parsac.org) or by calling (916) 927-7727.

As of June 30, 2015, the City did not have any significant claims liability; therefore, no accrual was required. Claims settlements have not exceeded insurance coverage in each of the past three years.

**CITY OF WILDOMAR****NOTES TO FINANCIAL STATEMENTS (CONTINUED)**  
**JUNE 30, 2015****Note 10: Restatement of Fund Balance and Net Position**

Government-wide beginning net position has been restated as follows:

**Governmental Activities:**

To record beginning net pension liability and deferred outflows of resources for pensions in accordance with GASBS No. 68	\$ 27,306
To record the July 2014 Highway Users Tax, in accordance with the change in reporting standards of the State Controller's Office.	<u>(102,040)</u>
<b>Total Governmental Activities Restatements</b>	<b><u>\$ (74,734)</u></b>

Beginning fund balance in the individual fund-level statements has been restated as follows:

**Governmental Funds:***State Gasoline Tax Fund:*

To record the July 2014 Highway Users Tax, in accordance with the change in reporting standards of the State Controller's Office.	\$ <u>(102,040)</u>
<b>Total Governmental Funds Restatements</b>	<b><u>\$ (102,040)</u></b>

**Note 11: City's Financial Condition**

As of June 30, 2015, the City's governmental activities had a deficit unrestricted net position of \$1,016,700, compared to a deficit of \$921,235 in the prior year. The change is the result of an operating deficit and depreciation on capital assets. The General Fund had a fund balance of \$773,060, an increase of \$2,374 from the prior year, in the fund financial statements.

The following is the five-year trend information of financial condition of the City:

**Government-Wide Financial Statements**

	Governmental Activities			
	Total Net Position	Unrestricted Net Position		
		Change \$	(Deficit)	Change \$
2011	\$ 14,515,080	N/A	\$ (537,891)	N/A
2012	15,140,660	625,580	(628,995)	(91,104)
2013	27,800,916	12,660,256	(1,420,547)	(791,552)
2014	29,205,201	1,404,285	(921,235)	499,312
2015	27,266,132	(1,939,069)	(1,016,700)	(95,447)

**Fund Financial Statements – General Fund**

	General Fund	
	Balance	Change \$
2011	\$ 1,474,399	N/A
2012	1,476,164	1,765
2013	808,648	(667,516)
2014	770,686	(37,962)
2015	773,060	2,374

**CITY OF WILDOMAR**

**NOTES TO FINANCIAL STATEMENTS (CONTINUED)**  
**JUNE 30, 2015**

---

**Note 11: City's Financial Condition (Continued)**

To address the continued deficits in net position, the City is expecting increased revenues. The City anticipates revenue for grant-funded capital projects for expenditures incurred in prior years that the County will reimburse for. The City Council is fully aware of the financial condition of the City.

**CITY OF WILDOMAR****MISCELLANEOUS PLAN****SCHEDULE OF PROPORTIONATE SHARE OF THE NET PENSION LIABILITY  
AS OF JUNE 30, FOR THE LAST TEN FISCAL YEARS (1)**

---

	<b>2015</b>
<b><u>Miscellaneous Plan</u></b>	
Proportion of the Net Pension Liability	0.00158%
Proportionate Share of the Net Pension Liability	\$ 98,405
Covered-Employee Payroll	\$ 890,684
Proportionate Share of the Net Pension Liability as Percentage of Covered-Employee Payroll	11.05%
Plan Fiduciary Net Position	\$ 418,173
Plan Fiduciary Net Position as a Percentage of the Total Pension Liability	81.15%

**Notes to Schedule:**

Benefit Changes: The figures above do not include any liability impact that may have resulted from plan changes which occurred after June 30, 2013 as they have minimal cost impact. This applies for voluntary benefit changes as well as any offers of Two Years Additional Service Credit (a.k.a. Golden Handshakes).

Changes of Assumptions: None.

(1) Historical information is required only for measurement for which GASB 68 is applicable. Fiscal Year 2015 was the first year of implementation, therefore only one year is shown.

**CITY OF WILDOMAR****MISCELLANEOUS PLAN****SCHEDULE OF PLAN CONTRIBUTIONS****AS OF JUNE 30, FOR THE LAST TEN FISCAL YEARS (1)**

	<b>2015</b>
<b><u>Miscellaneous Plan</u></b>	
Actuarially Determined Contribution	\$ 196,524
Contribution in Relation to the Actuarially Determined Contribution	<u>(196,524)</u>
Contribution Deficiency (Excess)	<u><u>\$ -</u></u>
 Covered-Employee Payroll	 \$ 890,684
Contributions as a Percentage of Covered-Employee Payroll	22.06%

(1) Historical information is required only for measurement for which GASB 68 is applicable. Fiscal Year 2015 was the first year of implementation, therefore only one year is shown.

**Note to Schedule:**

A summary of principal assumptions and methods used to determine the contractually required contributions is shown below for the cost-sharing multiple-employer defined benefit pension plans:

Valuation Date:	June 30, 2012
Actuarial Cost Method	Entry Age Normal Cost Method
Amortization Method	Level Percent of Payroll
Asset Valuation Method	Market Value
Actuarial Assumptions	
Inflation	2.75%
Salary Increases	3.30% to 14.20% depends on age, service, and type of employment
Payroll Growth	3.00%
Discount Rate	7.50% (net of administrative expenses)
Individual Salary Growth	A merit scale varying by duration of employment coupled with an assumed annual inflation growth of 2.75% and an annual production growth of 0.25%

**CITY OF WILDOMAR****NOTES TO REQUIRED SUPPLEMENTARY INFORMATION**  
**JUNE 30, 2015**

---

**Budgetary Data****General Budget Policies**

Budgets for governmental funds are adopted on a basis consistent with generally accepted accounting principles (GAAP).

The City Council approves each year's budget prior to the beginning of the new fiscal year. Public hearings are conducted prior to its adoption by the Council. Supplemental appropriations, where required during the period, are also approved by the Council. In most cases, expenditures may not exceed appropriations at the function level. At fiscal year-end, all operating budget appropriations lapse.

**Excess of Expenditures over Appropriations**

Expenditures exceeded appropriations in the categories in the following funds:

<u>Department</u>	<u>Expenditures</u>	<u>Appropriations</u>	<u>Excess</u>
<b>General Fund:</b>			
General Government			
City Council	\$ 143,059	\$ 136,900	\$ (6,159)

# **CITY OF WILDOMAR**

## **STATISTICAL SECTION**

**The Data**

# Statistical Section

This section of the City of Wildomar's Comprehensive Annual Financial Report presents detailed information as a context for understanding what the information in the financial statements, note disclosures, and required supplementary information says about the City's overall financial health.

## **Contents**

**Financial Trends** - These schedules contain trend information to help the reader understand how the City's financial performance and well being have changed over time. As a newly incorporated City, information relative to the exact city boundaries prior to incorporation is not readily available in most cases. Therefore trend information will be developed over time and reported annually.

- Net Position by Component
- Changes in Net Position
- Fund Balances of Governmental Funds
- Changes in Fund Balances of Governmental Funds

**Revenue Capacity** - These schedules contain information to help the reader assess the factors affecting the City's ability to generate its property taxes.

- Assessed Value and Estimated Actual Value of Taxable Property
- Direct and Overlapping Property Tax Rates
- Principal Property Tax Payers
- Property Tax Levies and Collections

**Debt Capacity** - These schedules present information to help the reader assess the affordability of the City's current levels of outstanding debt and the City's ability to issue additional debt in the future.

- Ratio of Outstanding Debt by type
- Direct and Overlapping Governmental Activities
- Legal Debt Margin

**Demographic and Economic Information** - These schedules offer demographic and economic indicators to help the reader understand the environment within which the City's financial activities take place and to help comparisons over time and with other governments

- Demographic and Economic Statistics
- Principal Employers
- Full-time Equivalent City Government Employees by Function/Program

**Operating Information** - These schedules contain information about the City's operations and resources to help the reader understand how the City's financial information related to the services

- Operating Indicators by Function/ Program
- Capital Asset Statistics by Function/Program
- Miscellaneous Statistics

Sources: Unless otherwise noted, the information in these schedules is derived from various internal and other governmental and non-governmental sources where reliability of the data could be ascertained.

2009	-	-	-	-	-	-

In 1978, California voters passed Proposition 13 which set the property tax rate at 1.00% based upon the assessed value of the property being taxed. Each year, the assessed value of property may be increased by an "inflation factor" (limited to a maximum increase of 2%). With few exceptions, property is only re-assessed at the purchase price of the property sold. The assessed valuation data shown above represents the only data currently available with respect to the actual market value of taxable property and is subject to the limitations described above.

\* In 1978, California voters passed Proposition 13 which set the property tax rate at 1.00% fixed amount. This 1.00% is shared between all taxing agencies in which the subject property resides within. In addition to the 1.00% fixed amount, property owners are charged taxes as a percentage of assessed property values for the payment of any voter approved bonds.

Overlapping rates are those of local and county governments that apply to property owners within the City. Not all overlapping rates apply to all City property owners.

<sup>(1)</sup> Percentage of overlapping debt applicable to the city is estimated using taxable assessed property value. Applicable percentages were estimated by determining the portion of the overlapping districts assessed value that is within the boundaries of the city divided by the district's total taxable assessed value.

<sup>(2)</sup> Excludes tax and revenue anticipation notes, enterprise revenue, mortage revenue and non-bonded capital lease obligations. Qualified Zone Academy Bonds are included based on principal due at maturity.
