

CITY OF WILDOMAR

BUILDING AND SAFETY DEPARTMENT

CERTIFICATION OF SMOKE AND CARBON MONOXIDE (CO) ALARMS AND WATER EFFICIENT PLUMBING FIXTURES FORM

In an effort to enhance life safety within existing dwellings, California Residential Code (CRC) Sections R314 and R315, and California Building Code (CBC) Section 420.6, require that smoke alarms and CO alarms be installed when alterations, repairs or additions are performed and the valuation of the work exceeds \$1,000. Generally, the alarms are required to be hard-wired, have battery backups, and be interconnected; however, they may be solely battery-operated under certain conditions (please check with an Inspector for exceptions). The alarms are required to be installed in the following locations:

- Smoke alarms in all sleeping rooms,
- CO alarms in all sleeping rooms within dwelling units where fuel-burning appliances are installed,
- Smoke alarm and CO alarm in area preceding sleeping rooms (such as a hallway), and
- Smoke alarm and CO alarm on each story level of the dwelling including basements and habitable attic rooms.

Additionally, all plumbing fixtures within the dwelling unit are required to comply with the applicable retrofit provisions of SB407 and California Civil Code Section 1101 when additions or alterations are performed. This does not include repair or maintenance work such as re-roofs, HVAC change-outs, water heater change-outs, and other similar work. The plumbing fixtures shall have maximum flow rates as listed below:

- Toilets — not more than 1.28 gallons of water per flush
- Urinals — not more than .0125 gallon of water per flush
- Showerheads — not more than 1.8 gallons of water per minute
- Faucets — not more than 1.2 gallons of water per minute at 60 psi

The alarms and plumbing fixtures are required to comply with the above when requesting the final inspection. Please make sure than an adult is present to allow an inspector within the home to verify compliance with the above requirements. If for some reason an adult will not be able to provide access, you may opt to complete the Installation Certification below. Please leave this signed certification form with the job card.

INSTALLATION CERTIFICATION**Permit Number:** _____

For the property located at _____, I hereby certify that the required smoke alarms, carbon monoxide alarms, and/or plumbing fixtures have been installed as listed above.
