

First, I'd like to say that it's been an honor to serve and represent the residents of Wildomar these last four years.

My highest priorities have continued to be public safety, *public safety*, and **public safety** (that can't be over-emphasized). That includes first responders, beefed up code enforcement, addressing homeless issues (*which all are night and day much improved since 2018*), and better roads (something that is better, but still needs a lot more improvement for me to be satisfied).

I've attended every city council meeting, and county board meeting that I'm assigned to, and I respond to each email I receive, and am nearly always available to meet with a resident, or speak on the phone if that's preferred.

My promises of city meetings being live streamed and quarterly town hall meetings have happened too, by way of the monthly *Coffee With The City* events which are streamed on Facebook. I'm constantly urging the city to improve where it can when it comes to public outreach.

If I am re-elected, it will continue to be my mission to represent your concerns while answering your questions and listening to your ideas. I'm here for you, not the other way around.
