Sidewalk Vending Locations

Notwithstanding any specific prohibitions in this section, you cannot install, use or maintain a cart where placement endangers the safety of persons or property.

You may not place or leave any cart, canopy, merchandise displays, perishables, or other items relating to your sidewalk vending business in a manner that obstructs vehicular or pedestrian traffic, or the visibility of such, and includes the following:

- ☐ Within three feet from the edge of the curb.
- ☐ Within 10 feet of a marked crosswalk, the curb returns of an unmarked crosswalk, or a driveway or driveway apron.
- ☐ Within 25 feet of an entrance or exit to a building, structure or facility.
- ☐ Within 30 feet of any fire hydrant.
- ☐ Within 250 feet of another sidewalk vendor.
- ☐ Within 500 feet of City Hall, fire stations, law enforcement stations, anywhere public safety personnel is actively performing duties, places of worship from one hour before until one hour after services, or a public or private school or daycare facility between the hours of 6:00 a.m. and 6:00 p.m.
- ☐ Where placement impedes the flow of vehicular traffic such as on public streets or public highways.
- ☐ Adjacent to any marked loading zone or bus zone.
- ☐ No cart may be stored, parked, or left overnight on any public street or right-of-way, or in any public park.
- ☐ Where placement impedes the flow of pedestrian traffic by reducing the clear space to less than four feet or impedes access to or the use of abutting property, including, but not limited to, residences and places of business, in accordance with the Americans with Disabilities Act (ADA).
- ☐ Sales are only allowed on Paved Sidewalks.
- ☐ Vendors cannot block the public right of way or go into the street or median.
- ☐ No vendor cart may exceed a length of 72 inches, a width of 54 inches, or a height, including any roof, awning, or umbrella, of 80 inches. If a shade structure is used, it cannot block driving visibility, cannot block the sidewalk, and there must be compliance with sidewalk ADA regulations. (The shade structure must be secured with sandbags and not set up on windy days).

Your cart cannot be chained or fastened to any pole, sign, tree, or other object in the public right-of-way or left unattended.
